

CNU Strategic Plan

The process of developing a strategic plan carefully and thoughtfully ensures that CNU remains mission-relevant and mission-specific. Strategic planning at CNU is a long-held tradition that includes multiple stakeholders such as faculty, staff, students, preceptors, members of the community, college administrators, and senior university leadership. The strategic planning process is housed within the Office of Institutional Effectiveness and Accreditation and this helps align data flows from the Office of Institutional Research and colleges. This approach carefully and intentionally amalgamates decentralized data curation and assessment with centralized planning and resource allocation. The CNU Strategic Planning Committee focuses on 6 Goals adopted during the 2023-2028 plan cycle. The following information summarizes information regarding the latest updates to these goals. The information below also highlights the faculty and staff leads for each of the listed CNU strategic plan goals/focus areas.

We are proud of the amazing and innovative accomplishments achieved in all strategic plan areas achieved through the collaboration of our students, faculty, and staff to remain a high-quality education institution that positively impacts the communities we serve.

Goal 1: Student Success and Educational Effectiveness Chair: **Dr Islam Mohamed** CNU will maximize student success and educational effectiveness by promoting academic achievement, well-being, equity, and engagement while continuously improving teaching practices and integrating innovative technologies.

Goal 2: Research and Scholarly Activities Chair: **Dr James Chan** Develop, support, and sustain innovative, collaborative approaches for research and scholarly activities in health & administrative sciences and education.

Goal 3: Patient Care and Service Chair: **Dr Christine Deere** CNU will integrate the development of the art & skills for compassionate patient care and service into the curriculum.

Goal 4: Campus Excellence Chair: **Dr Damon Meyer** CNU will achieve workplace excellence by fostering a culture of collaboration, collegiality, innovation, and continuous improvement.

Goal 5: Infrastructure Chair: **Dr Pete Tenerelli** CNU will maintain a robust and sustainable infrastructure that supports growth, meets the needs of the institution, and ensures the efficient and safe functioning of essential systems and services.

Goal 6: Financial and Sustainable Growth Chair: **Eric Tam** CNU will achieve financial and sustainable growth by implementing responsible financial practices, promoting innovation, and balancing programmatic growth with economic and social considerations to secure long-term prosperity.
